

BYTES TO BEDSIDE:

Improving Care Pathways
for Patients and Physicians
using AI in Health Care

Tuesday, July 9, 2024, 12:30 - 1:30 p.m.
Hart Senate Office Building, Room 902

Perspectives from key policymakers, physicians, MedTech innovators, and patient care advocates will be shared to consider the potential of AI in health care to improve physician decision-making and enhance patient clinical outcomes.

Honorary co-chairs:

Rep. Ami Bera

Rep. Suzan DelBene

Sen. Maggie Hassan

Rep. Kevin Hem

Rep. Ted Lieu

Rep. Brittany Pettersen

Rep. Brad Schneider

Panelists:

Henry Chang, PhD. Executive Director, Fatty Liver Foundation

Lee Kaplan, MD, PhD. Director, Obesity Medicine & Professor of Medicine, Geisel School of Medicine, Dartmouth

Rajarshi "Banjo" Banerjee, MD, PhD. CEO, Perspectum

Nawar Shara, PhD. Chief, Research Data Science, MedStar Health Research Institute

Congressional offices and members of the healthcare community are invited.
